General Principles

“Light has been plainly given that those who minister in our schools, teaching the word of God, explaining the Scriptures, educating the students in the things of God, should be supported by the tithe money.” 6 T 215

Use of tithe in schools:

a) Primary /Elementary Schools—up to 30% of remuneration and benefits of teachers and principals from tithe.

b) Secondary Schools—up to the total cost of remuneration and benefits of Bible teachers, residence hall deans, and principals, and up to 20% of institutional staff, excludes contract employees.

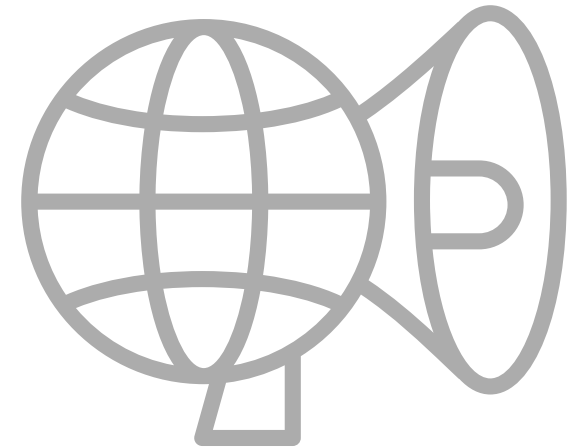

c) Colleges & Universities

Tithe may be used to cover the Bible/Theology department, chaplain, student's support office.

d) Schools for Evangelistic Outreach - Schools which are opened for the unique purpose of opening up work in unentered areas or people groups.

The same principles apply. Missionaries who primarily proclaim the gospel are covered by tithe. Medical and other professionals are not normally supported from tithe. They can be supported from tithe if their missionary assignment is for the purpose of opening up work in unentered areas or people groups.
