

Steward of my Talents

Lyrics and music by Kimberly Houlston

VERSE 1

God's designed us all to be someone special
Yes we all have talents and gifts
Never think what you can do is inconsequential
'Cause your talents certainly exist, in fact
You've been created to help change world
And introduce other people to God
So use the gifts and talents that you have
Share God's message to one and to all

CHORUS

So use your talents, gifts and abilities
Help change the world, and share God love
To all that you meet
When you use your gifts, God will give you
more
So you can keep on serving Him,
Great will be your reward

VERSE 2

In the Bible there's a story of a person with a
talent
Who just buried it in the ground
When the time came to show the difference
he'd made
He had nothing to report, no results could be
found 'cause
He hadn't done a thing with the talent that he
had
So the talent was taken away
So use it or lose it, make sure you use your gift
To share God's love with others today

BRIDGE

We all have gifts
Yes we sure do
So keep on using yours
And God will keep on adding more to you
